KEY PROJECTS

Text-Based Adventure Game

[Link to Game Repo](#)

- Features four mini-games including Blackjack, a protein calculator, a joke generator and a number guessing game.
- Building this app reinforced my knowledge of Python and taught me a lot about planning projects and reaching deadlines.
- Tech used: Python, GIT, VScode

Portfolio Website

[Link to Website](#)

- Portfolio showcasing my knowledge of HTML and CSS
- This project taught me the importance of clean code structure and the power of visual design in creating a compelling user experience.
- Tech used: HTML, CSS, Git, VScode

PREVIOUS EMPLOYMENT

Customer Service Agent

Coles Online

August 2021 - July 2022

Working at a call center was a challenging and rewarding experience for me. I developed resilience and the ability to adapt to the unique needs of each customer and sharpened my problem-solving skills by finding solutions to complex customer issues.

Sales Assistant

JB HI-FI

November 2020 - February 2021

I gained hands-on experience in the retail industry in my sales assistant role. The high-paced nature of the job allowed me to build my confidence, work under pressure and develop excellent time management skills.
